# Michael Alig's \*\*Club Rub\*\*

Oh baby, the-times-they-are-a-changin'! There was a time in New York when the new club in town couldn't help but be hip! WRONG! Just look at Mars, a new club on the west side...it usually takes at least a year for the yuppies and New Jersey-ites to invade a new club, but in the case of Mars, time has been accelerated. The place is full of normal, paying yuppies from hell. In a move that most downtown trendsetters are calling cheap and hypocritical. Rudolf "Exploit 'em and run" Pieper has turned his back on the "Fabulous 500" that keep a club happening. It's obvious that he is not very interested in New York when he says that what's "happening" is "what's hot and new in L.A." Who's he kidding? He wants something new and he says Nicholas cage and Mickey Rourke are hot?! Sure, Rudolf...Omigosh Look Rudolf, here comes Clint Eastwood! Too bad however, for all the fresh young NYC artists and performers who were looking forward to a new venue to showcase their work...

On the brighter side, Larry Tee's Celebrity Club is back in full swing! Every Thursday night the newest of the new can be spotted at the World's Crystal room event. Wackey events include the Human Money Tree, who runs through the room with hundreds of dollars taped to his body. Sound like fun? You bet... Doorman swapping continues as Kenny Kenny makes the move to the World on Wednesdays and Thursdays and Julie Jewels on Fridays and Saturdays. Lincoln Palsgrove IV to Mars (for a week) and Christina Downing to Mars from M.K. →

On the monster-club scene, Red Zone opened up with much fan fare on 54th St. Between 9th and 10th Ave's. Scott Curry and R. Couri Hay hosted the gala bash, which promised and delivered Chicklette. Mr. and Mrs. Maurice Brahms treated guests to a buffet dinner. Among the invited were; Sylvia Miles, film personas, Peter Bear and Brad Gucch, Robin Leach, Nikki Haskill, Michael Musto, Baroness Sherry, John Delorian and many more!...

Saturday nights at El Morocco have come to a close because of the club's financial problems. R. Couri Hay and Scott Curry were forced to invade Mars.

Look forward to some big changes at the world in the months to come. Ruler of the World Frank Roccio, is sparing (almost) no expense making sure his guests have a good time... Also new, is a \$100,000 bar at Har Bar on Jane St. This hip new Saturdays only spot is at the same space where Pay Day rules on Fridays. Sundays should be spent on the west side where Chip Duckett is doing a great job making fun on Mars. But Keoki spins and spins at the REAL MARS, which is on 19th St. and 11th Ave.

Suzanne Barsch is planning the Ball of the century at Roseland. The Ball, scheduled for sometime in May, will be a charity event to benefit the Design Industries foundation For AIDS. It seems that new Houses have popped up for this event such as the Houses of; VOGUE, Betsey Johnson, Details, Fabrice, and even Cyndi Lauper has got a piece of the action...

What should you wear to a heavy metal nite club? Well we are going to tell you! First, go into your closet and dig out your old 70's clothing; platform shoes, thigh-high boots, fishnet stockings, etc... What else do we have in our closet? How about those torn jeans? or that old mini skirt that used to fit you like a glove? It would look great with that glitter jacket from your David Bowie era. or that cropped leather jacket could sizzle with that silver studded leather bra. How about that Thierry Mugler dress you thought you'd never wear? Dress it up with silver; bracelets, rings, spurs and boot straps. A couple of hours in make-up and tease your hair as high as it can go. OBJECTIVE: to look like a whore or Queen bitch. Oh, shit! We gotta get out of here, it's time to head down to Metal nite!

Tommy's makeup tip: "I like light colors for that beach effect."

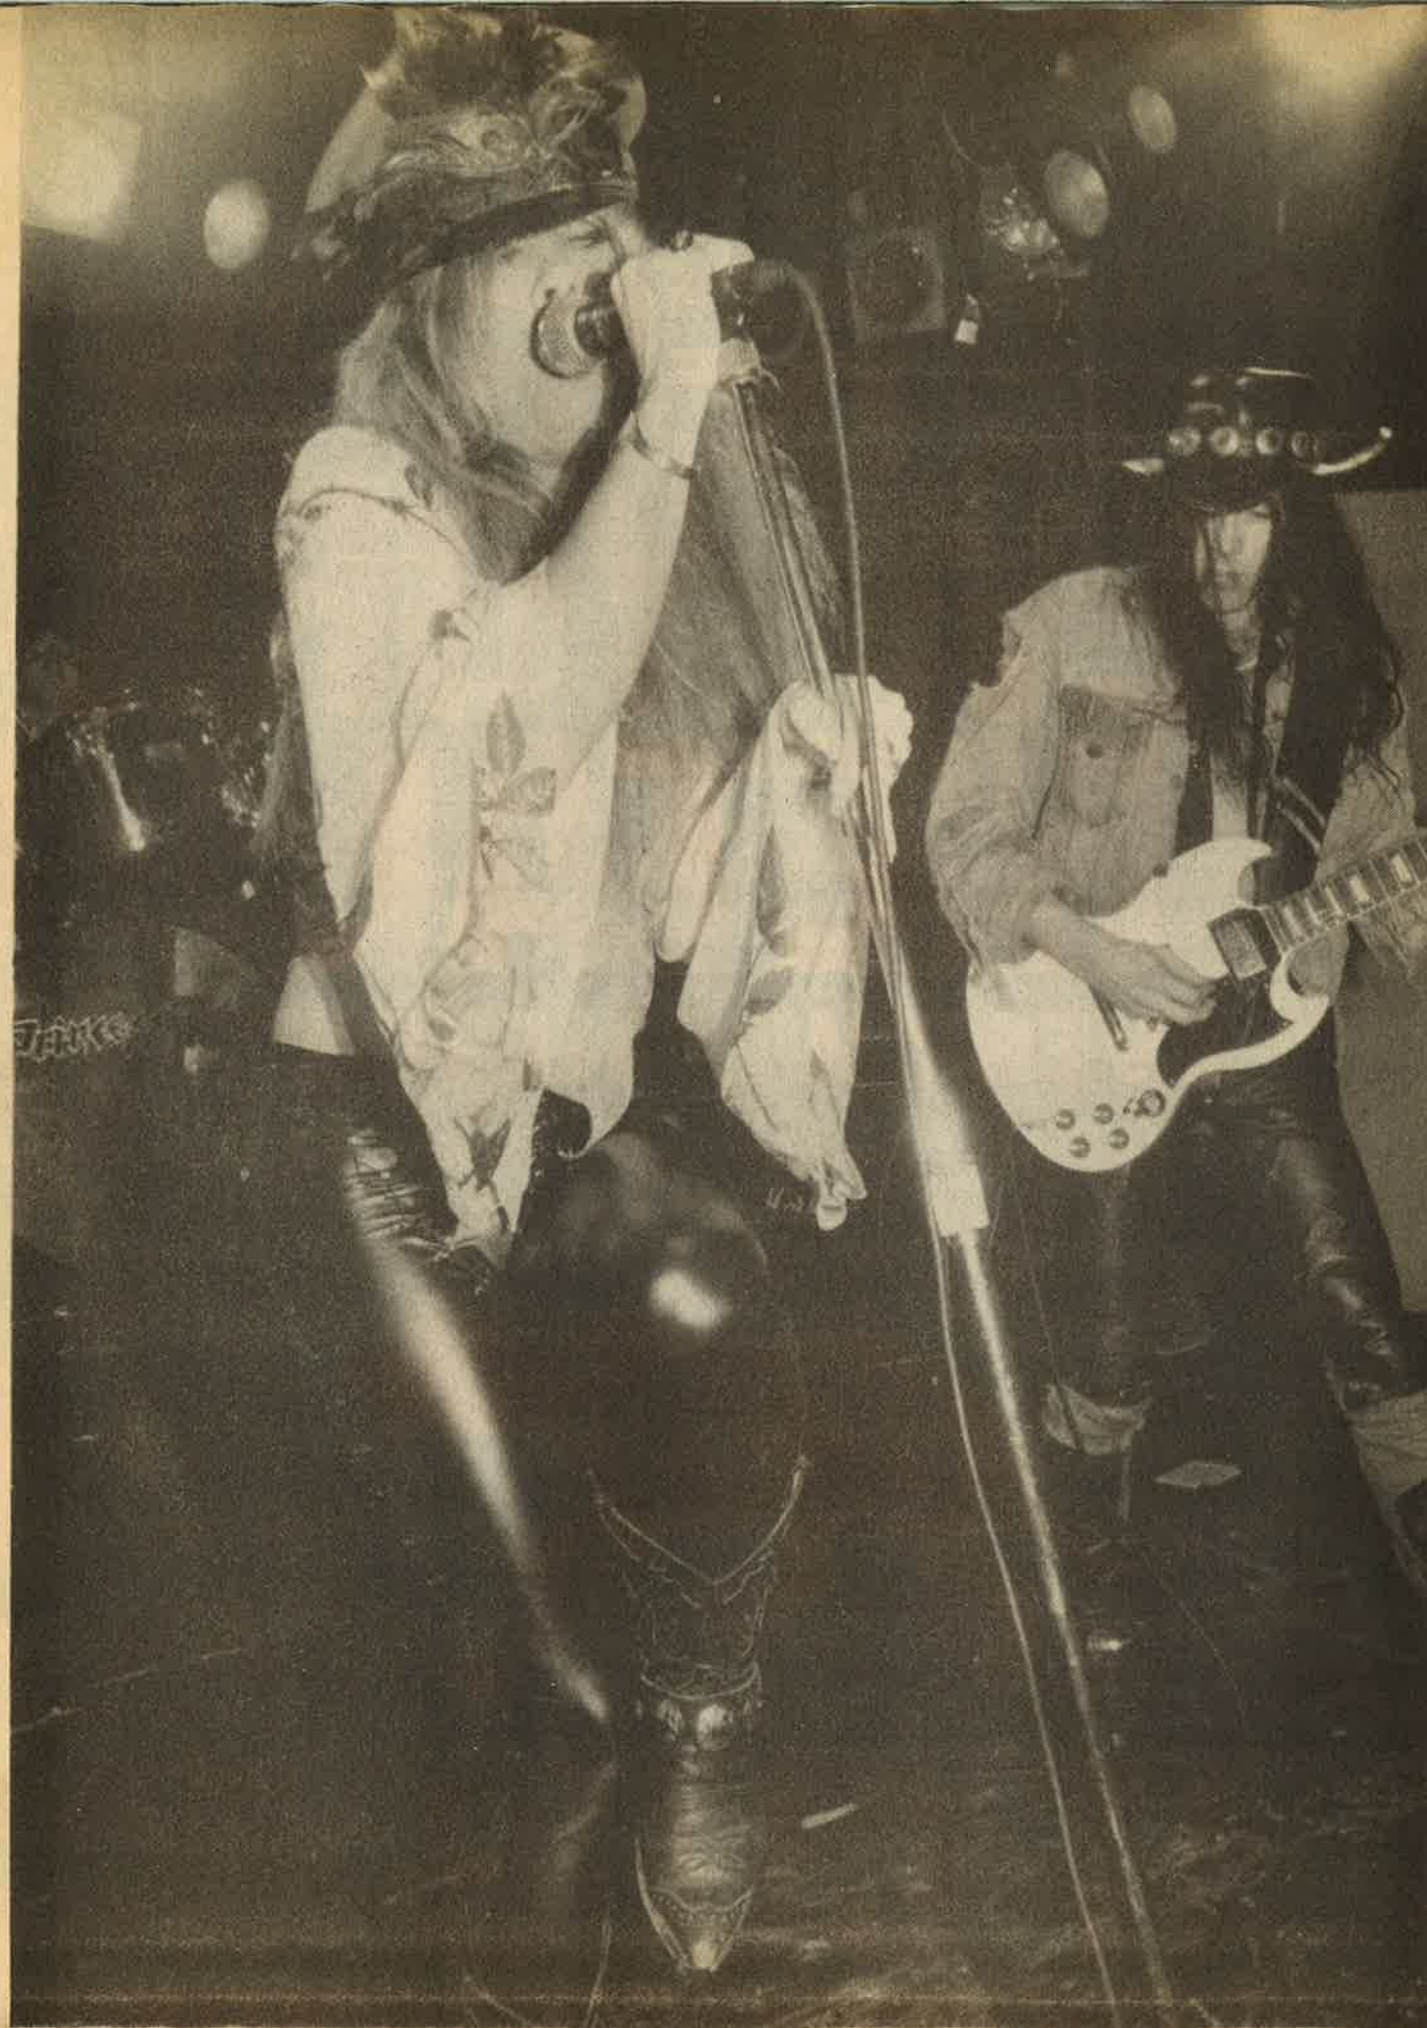

PRINCESS PANG

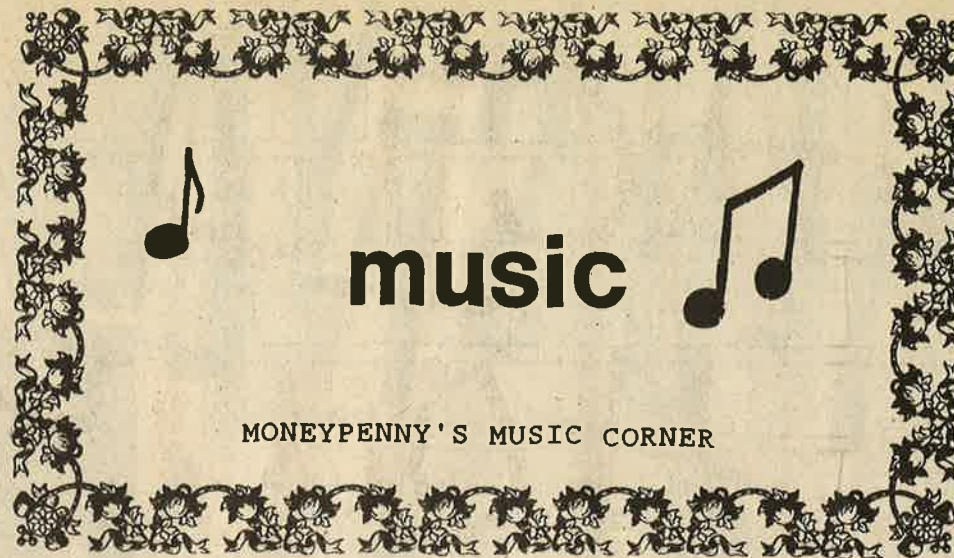

Sasha on her haircut: "I don't pay for it."

Shawn and Andrea (right) in black rubber: "Brian Damage designed it."

WHO SAYS ACID HOUSE IS OUT? Fashion magazines such as W, Vogue, In Fashion or The Christian Science Monitor? Ah why don't they stick to what they do best?! That's why Colonel Sanders can say "We do chicken right".

Tell me, how can they know Acid House is out, when they have no idea what it is.

Well, I am here to educate you. This, "recognize a trend then be the first to proclaim it 'out'", has gone too far! Music is fabulous. Don't compare or confuse it with drugs, trends, politics, etc. Enjoy it!

The music is a drug in itself. (This should appeal to some of you). The songs are composed of different beats and noises synchronized seperately, yet they sound great together.

When you first hear an Acid jam you must first find a synchranized beat that appeals to you in the song. Then dance to that beat. You'll notice the beat repeats itself over and over and over. If you close your eyes and concentrate on the beat, you'll find yourself entranced. If you're drunk or fucked up, closing your eyes could prove difficult. Next time you hear me play an Acid jam try this technique.

KEOKI

NEXT MONTH MONEYPENNY'S MUSIC COLUMN WILL BE HOSTING THE TOP 5 DJ'S IN NEW YORK CLUBS CONTEST. YOU RHYTHMICALLY INCLINED READERS ARE INVITED TO GO BACK TO THE BEAT AND VOTE. COMMENT ON WHO YOU THINK IS THE BEST (WE WILL ENCLOSE SPECIAL BALLOTS). THE BEST COMMENTS WILL WIN YOU A MASTER MIX TAPE AND WE MIGHT EVEN REPRINT THEM, ESPECIALLY IF THOSE COMMENTS TELL US HOW GREAT WE DJ'S ARE.....

# UPTOWN

## and DOWNTOWN

BY JAMES ST. JAMES

You read about them everyday in Suzy, Billy, and Liz. You see them on Live at Five, and at all the charity balls - But who are they really.

Well, it's about time you knew. This is downtown's official guide to uptown. As you will see, they aren't all boring old fuddy duddys. They are alcoholics, drug addicts, and homosexuals - just like me and you. They wear silly outfits - just like me and you. They work the press - just like me and you.

In fact, they are so like us, there are certain uptown alter egos, twins you might say, uptown and down.

There are certain problems, though. For instance, although Dianne is unquestionably the twin of Ivana Trump, Rudolf is NOT Donald Trump. We just did that for the cover.

In all actuality, Rudolf resembles more closely Jerome Zipkin. They both troll around the scene every night with a different bimbo on on their arm. It's the sultry and fabulous Frank Roccio who is our choice for the Donald Trump look-a-like. Those parting lips, that zesty entrepreneurial spirit!

THESE SIX HAVE AN INCREDIBLE HOLD ON THE PRESS!!  
IF THEY WERE ON PAN AM FLIGHT103, THERE WOULD

BE NO PRESS

MUSTO - SUZY

Both columnists wear silly clothes and outrageous hats. Both have endeared themselves to thousands of readers who want to be couch potato socialites, and get their chic second hand.

MICHAEL ALIG - CORNELIA GUEST

Who else but Michael Alig could be compared to that funky deb?! Both are spoiled brats who stir up more trouble than Dan Quale in a Vietnam Veterans Reunion.

# JAMES ST. JAMES - BARONESS GIGI

I prefer to think of myself as being closer to Nan Kempner -too chic, too-thin-than this old bat Gigi Baroness de Grandpre'. But I will admit there is a slight resemblance. Let's not get carried away though.

James St. James

Baroness Gigi

## JULIE JEWELS - BLAINE TRUMP

This one needs background. See, Blaine is a younger, blonder, and prettier version of Ivana. Julie is a younger, blonder, prettier version of Dianne. Ivana and Dianne resent these upstarts-but because Julie and Blaine don't get nearly as much press as they do, it's OK.

## LARRY TEE AND LAHOMA

## CALVIN AND KELLY KLEIN

Personally I find LaHoma to be closer to perky Ann Bass. Both big-hearted girls just take life's lemons and make lemonade. But style wise, they resemble the ever chic trendsetters Calvin and Kelly Klein.

## ANITA SARKO AND PAT BUCKLEY

These two rule their kingdoms with iron fists and have gained their power through intimidation. Also, it has been rumored that both have once been men.

ANDY ANDERSON AND LEE RADZIWELE Besides similar hairdos and facelifts, these two don't have too much in common.

There are others of course, although not pictured. For instance, Betsey Bloomingdale and Mykull Tronn have more in common than you think. They are both as fresh as last month's laundry. These two are out, OUT, O-U-T-.

And when you hear the name Mercedes Kellogg, and you hear it a lot I'm sure, think of Dominatrix. Lock up your men!! When these two brazen hussies are around, no one is safe. Trash, That's what these are, TRASH!

Miss Mary Lou Whitney's downtown twin is Olympia. These two fabulous dragqueens are more at home in hoop skirts and tiaras than pigs in shit. In the world of fashion there are those who inspire the greats to pump out those devine designs. Inez is what "muze" is referred to. She's witty and pretty and comes from a good family and she looks so good in Channel, just like downtown's Kat in her Michael Shoelers.

There are others, of course. Michaelangelo Signorelli and Billy Norwich, Saban and Dunne, Annie Flanders and Brook Astor. These comparisons go on and on. Some are flattering, some are embarrassing. But as you can see, Uptown and Downtown are just a midtown apart.

# VENEZUELA

THE LAND OF CERVEZATERIAS AND DANCETERIAS

Above: Cervezateria station  
in the mountains

Below: Our gracious host  
Don Juan

Just imagine a place where discotecas stay open as long as there are personas inside, liquor is served well past 5:00 AM, there is no cover charge, you're never asked for I.D.; a land where cabs cost under \$1.00 to most places, and where there is no speed limit! Venezuela is one great place to visit!

Our first night was spent in El Punto—a bar overlooking the city of Caracas. It had an incredible view and wonderful exotic drinks of native rums, wines, and blue or green Curacao liquors. There we met some fierce touristas from Italy. Italians (as many other Europeans) come to South America with one objective...to pick up las chicas. In El Punto we met 3 who stationed themselves at different locations with walkie-talkies to exchange information about their possible victims. They used lines such as, "Hello, My grandfather is Humphrey Bogart," or, "I am a cinema director you be in my next film."

There are also many large discotecas such as WEEKENDS, PALLADIUM, NEW YORK NEW YORK, where they play mainstream disco, rock, some house music, mixed with the Beach Boys (Los Chicos de la Playa), and The Cars (Los Automobiles). These discos feature large screens with VH 1 in Spanish.

The best night spots are small, dark clubs that play Samba and Merengue music. One such place is called Fingers. It has no lights and is decorated with palm trees and Christmas lights with a tiny dance floor. A man in a tux meets you at the door with a flashlight and walks you to a table. There you can see huge Venezuelan men with shirts open to their belly buttons, lots of gold chains with crosses on their chests and of course, greased back hair. The women are in the tightest white jumpsuit with turquoise heels that are at least 6 inches high. They use lines like, "My name Mimo. You dance con migo."

There are many Hotels to chose from—some large ones such as Hotel Tamanaco Intercontinental, Caracas Hilton, and the city is full of tiny hotels so it is very easy to find a room. In the mountains, there is a hotel called Las Vegas with a great view. The dollar is very strong there. For about \$80.00 you can have a suite in a resort hotel or a three-room suite in a small hotel with 2 beds in every room, three TVs and always plenty of roomservice for next to nothing.

Caracas is gorgeous, surrounded by mountains and the climate hot and sunny. Enough about that, Back to nightlife!

Latin people love to party and dance. There is something going on every night of the week. So if you are planning your next vacation—consider Venezuela!

WARNING: It's so fabulous you might never want to come back!

believe it... or don't

## **Death Of a Disco Ball**

Contrary to popular belief, a disco ball was, is, and always will be press-worthy! It is a terrible tragedy we must report. Recently, at IT, a disco ball leaped to its death, crashing into a million pieces. As of yet, there has been no reports on the cause of death. Was it a brutal murder or yet another needless suicide? R.I.P.

## **Lift Up Your Skirt And Fly One More Time**

Did you know that LIFT UP YOUR SKIRT AND FLY had previously existed?!! Yes, in London in the late 60's. A distinguished Brit, named Roger Howe, had a funky boutique of psychedelic clothes and later he opened a club by the same name. It was a big underground high-fashion hang-out! The name has been inherited by Frank Roccio in NYC. He will be using the name for his new club. Roger Howe, who is now running the Hippodrome in London, will be a special guest at the opening!

## **Gut Spilling Argento**

John Argento, Rudolf's former partner in Danceteria, has been spilling his guts about Rudolf and parts of his shady past. We are not at liberty to disclose this top secret information, but it had something to do with a court battle over the name and maybe a new Danceteria.

## **Ball-sy Bartsch**

Suzanne Bartsch is planning her Ball at Roseland which will feature new houses that have popped up for this event. They were gracious enough to allow the authentic uptown houses to enter, but, with a limit of 20 "voguers" per category. Hey Suzy, there is only one category that refers to its contestants as "voguers" and that's the Vogueing category. Imagine.... Downtown clubs and club publications forming their own houses? We'd have contestants such as; Michael Voice, Jimmy B. Sqaure, Frank World, The Legendary Rudy Mars, Sister Pyramid, R. Couri Morocco and Kip Saves The Robot. VOGUE STEVIE DETAILS for 1989!

## **Elite Tree-t**

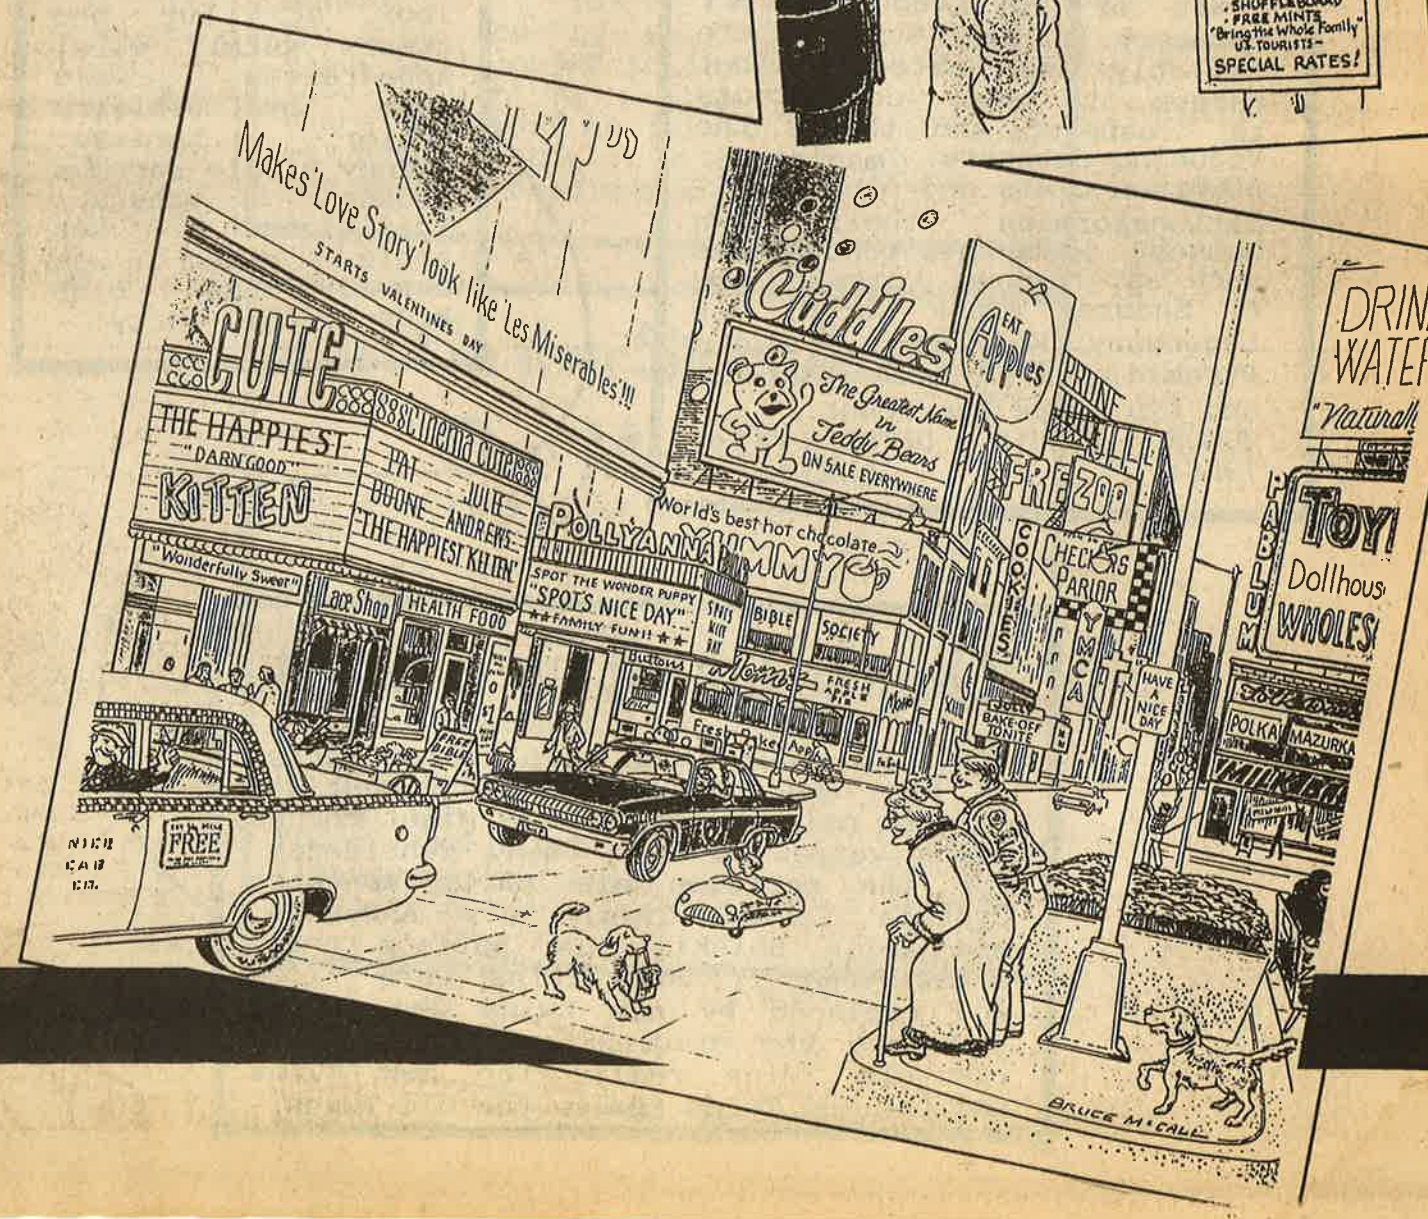

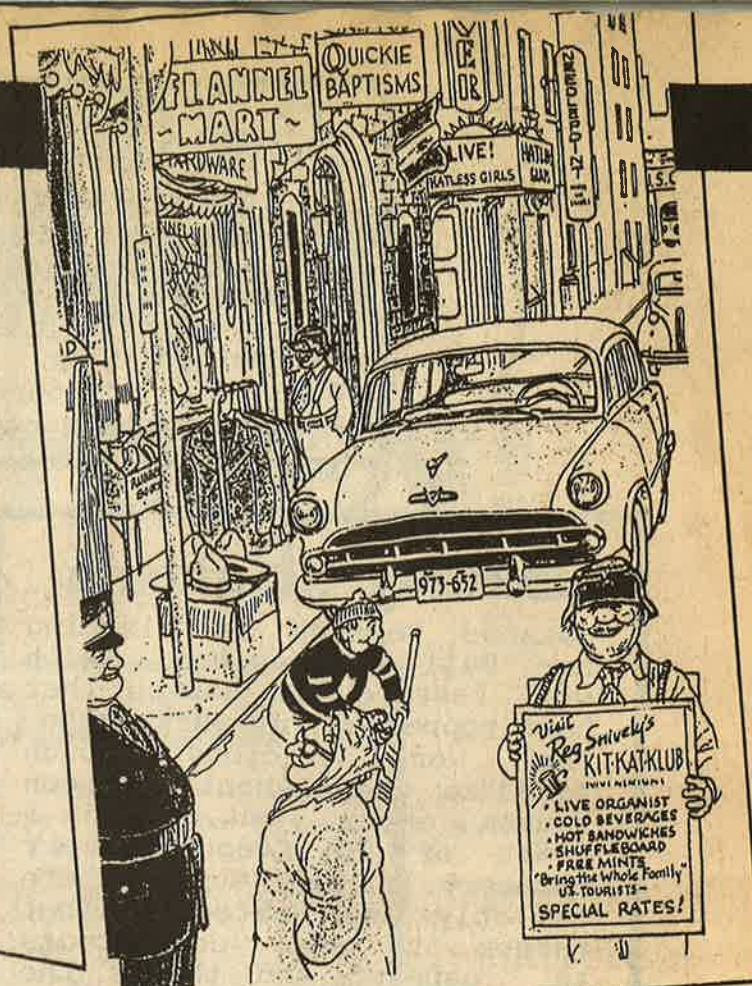

Photo Monger, Marcus Leatherdale hosted a quaint tree-trimming X-mas party at which the tree was not much to look at, but the guests surely were! Appearances were made by Thierry Mugler, Larissa, Sydney Biddle Barrows among others. Traditional hot apple cider was served. No club kids at this party!

## **Double Take It Or Leave It**

After Monsieur Tronn left us for Paris, MK has been conducting couch castings for the heir to his Tuesday night throne. Among various people being considered, for the position are party mongers; Cynthia Social Lies, Andy Anderson, and Bella Bolski. On Bella's trial night, the IT door Twins were fired and replaced by new twins who insist they are the original twins. So are the old Twins really the new Twins and the new Twins really the old Twins?

## AQUARIUS

(Jan. 21st to Feb. 19th)

Happy Birthday Aquarius! Before the sun rears it's ugly little head into your sign on the 19th, you may experience some heavy health problems. These may be due to your excessive drinking habits and/or drug overdoses. But don't worry, you're in good company! It appears that all the other signs will experience the same problem. I foresee... yes it's clear to me now! A big Birthday party this month.

## PISCES

(Feb. 20th to March 20th)

Oooo! You're in good planetary shape! Mercury moves into retrograde motion on the 15th and you have your nails done. If you are a club owner, you can expect severe hair loss!

## ARIES

(March 21st to April 20th)

You will have a HOT and STEAMY sexual experience with a Scorpio in your very own laundry room, while your wash is on the spin cycle. Have fun, but don't forget the fabric softener!

## TAURUS

(April 21st to May 21st)

Oooo, you're blue! Your Scorpion boyfriend just "stung" an Aries! But don't get your panties in a wad, he still loves you. In fact, he'll join you in that Mr. Bubble bubble bath you'll be getting for Valentine's Day!

## GEMINI

(May 22nd to June 21st)

I see an exotic trip for you in the near future. My crystal ball tells me that you may be lured to Paramus, NJ. Be frugal with your dollars at those malls...and don't forget to pick up that birthday present for a special Aquarian in your life.

## CANCER

(June 22nd to July 22nd)

Love vs. Lust this month, Cancer! It seems Lust wins over Amore! Your sexual drive will increase because you will have made the switch from non-ribbed TROJANS to "ribbed for your comfort" Sheik condoms. Enjoy the change!

## LEO

(July 23rd to Aug. 23rd.)

A voluptuous Virgo will ever so inconspicuously knock the halo right off your ugly little head. But don't let ruin your life. JUST SAY NO!!!

## VIRGO

(Aug. 24th to Sept. 23rd)

You're eager to do it all! Experiment, Experience or simply lay down and kick up your heels! It's your time, enjoy it! But why isn't it flawless? Because your planetary pet Leo is playing hie-and-seek. Show him he is not the saint he pretends to be!

## LIBRA

(Sept. 24th to Oct. 23rd)

It ain't over 'til the fat lady sings! And I don't think you'll be hearing from her for a long time! That knock-down-drag-out fight you had with your mate is just the beginning of a pattern of failing relationships. My suggestion to you is; stick to one-night stands.

## SCORPIO

(Oct. 24th to Nov. 22nd)

Your mate will catch you with a sleazy Aries you'll meet in a laundry room. You've really rocked the boat this time! Your Taurus mate is pig biting mad at your lack of sexual control. I predict that if you don't apologize, you will get hit by a cab, #4G760 on the corner of 2nd St. and 3rd Ave.

## SAGITTARIUS

(Nov. 23rd to Dec. 21st)

You'll learn to Vogue around the 3rd and a wealthy friend will buy you a ticket to Suzanne Barsch's Ball. Don't enter, because you're destined to lose. In fact you are a loser!

## CAPRICORN

(Dec. 22nd to Jan. 20th)

If you were born in the first half of this sign, you will experience a wealth of sexual endeavors. However; if you were unfortunately born in the 2nd half, you will almost have one lucky night until you realize you can't spend the night because you forgot your Saline solution! If you are a woman, you will have your period at least once this month.

Congresswoman Pat Schroeder

# POLITICS

**DIVA CONTROL:** HIGHLIGHTING SHE LEADERS  
by: Clark Render

THIS MONTH: PAT SCHROEDER

1989. Look around you. It's become evident that patriarchy has reached the end of its tenure, in disgrace. We must have matriarchy at every level of science, agriculture, industry and politics right now. On this page we focus on the sisters and moms who RULE! She, who must be obeyed. Democrat Patricia Schroeder, Colorado's long-time congresswoman, is an American politician to be proud of. Watching her give a speech or fence with conservatives is nothing short of a catharsis.

Unlike Cuomo or Jackson, Schroeder is not looked upon as an intimidating holiness. Like the coolest babysitter on Earth, her personality is so engaging, you are shocked to discover that she is a lawyer, pilot, a U.S. representative, as well as a mother. Here is a person in public life who is actually hip to reality. She cannot tell a lie.

She is a semi-regular on channel 13's Mac Neil Lehrer news hour. Pat gleams brilliantly as she hurls out clear and concise arguments, bashing hypocrisy and beating the likes of Orrin Hatch, Henry Hyde and William Buckley. Her razor sharp arguments echo with clarity long after the fumes of these deplorable blow-hards have vanished.

## WHY SCHROEDER RULES (Excerpts from speeches)

ON REAGAN: "The teflon President" and "I'm so sick and tired of happy talk, I feel like someone has been force feeding me cotton candy."

ON DEFENSE CONTRACTORS: "The welfare queens of the Reagn Administration."

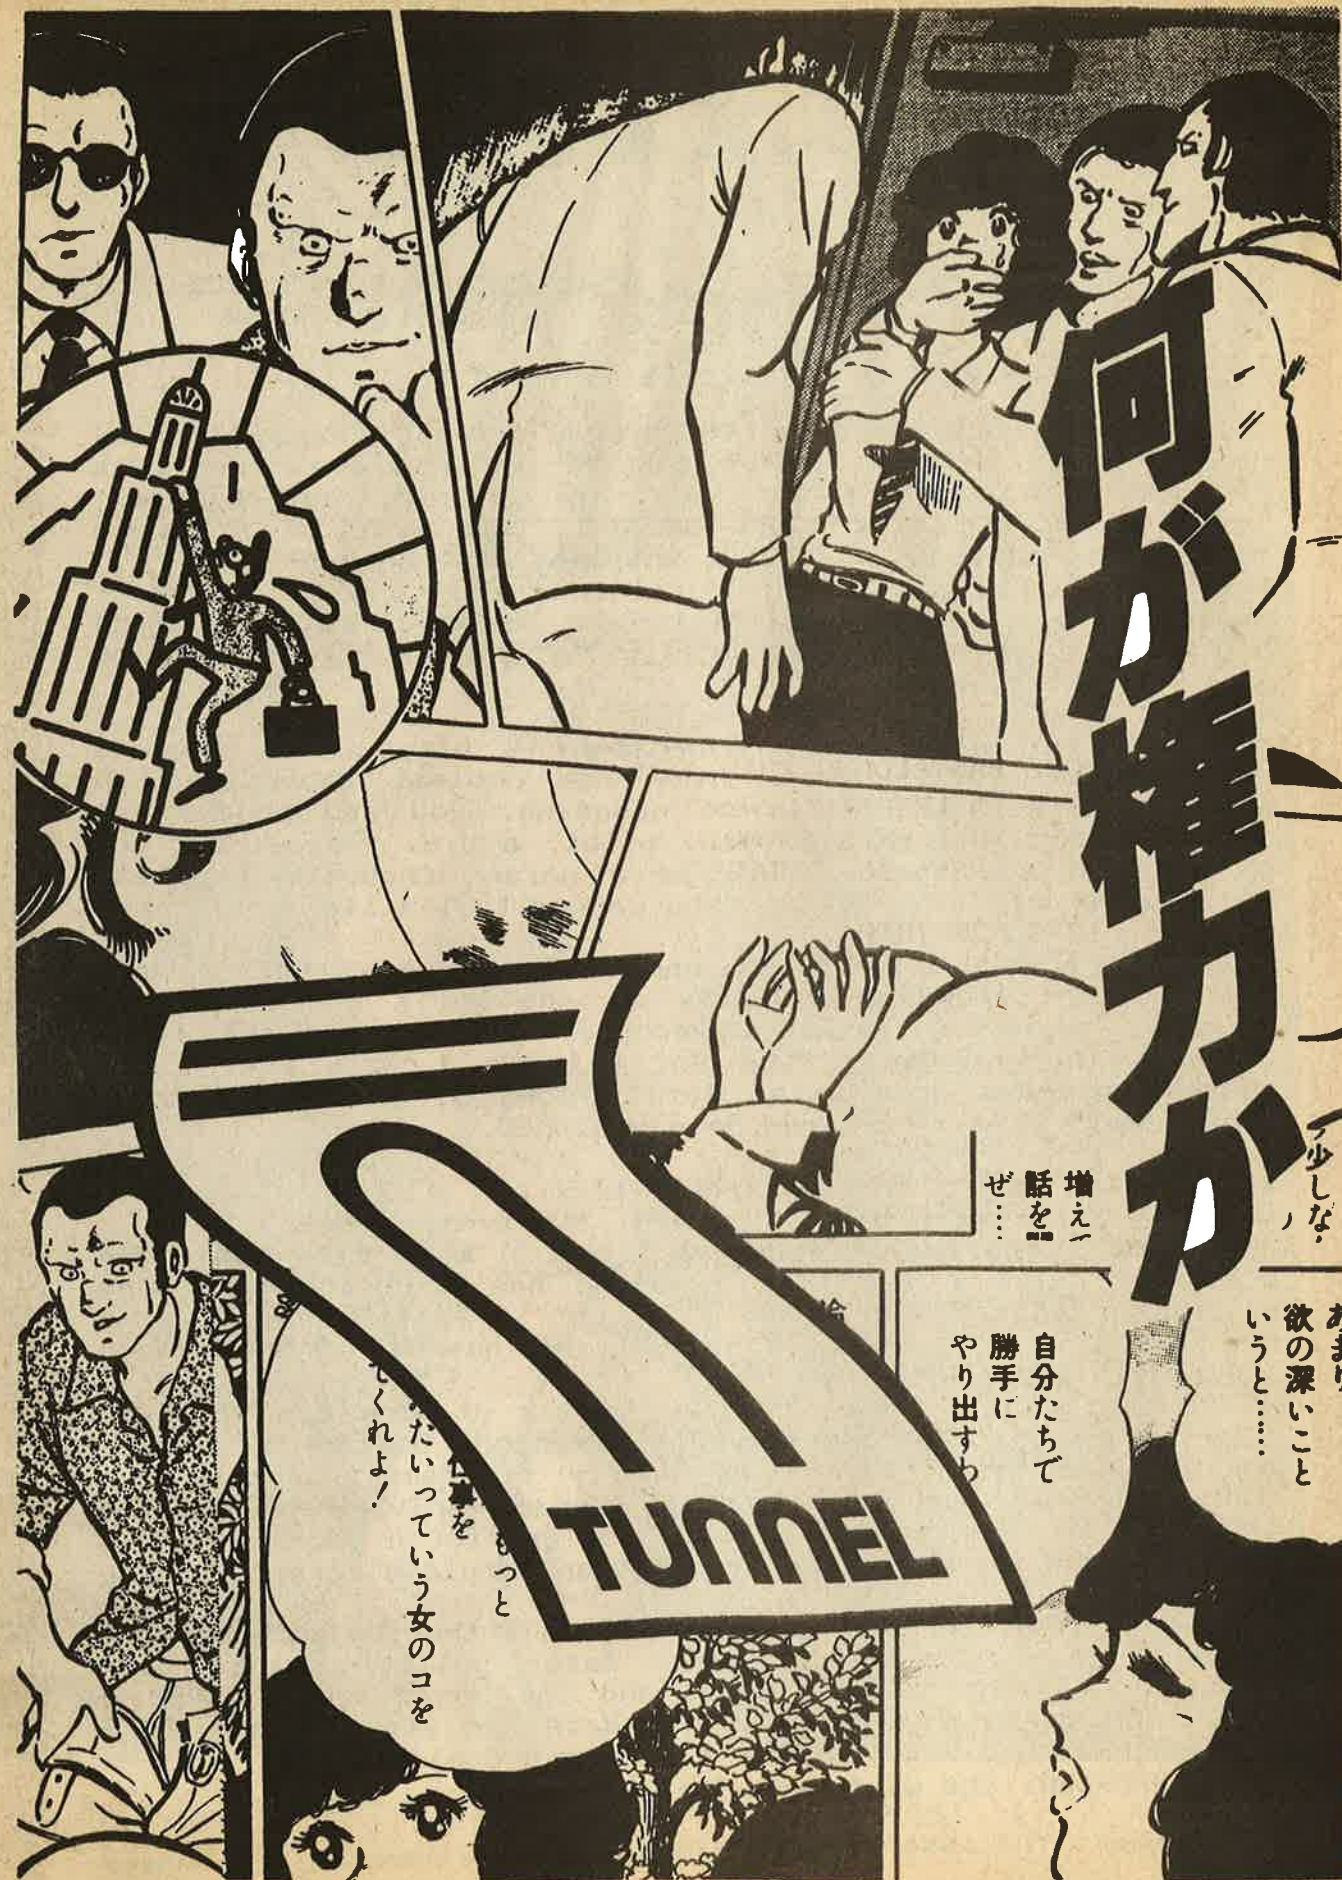

ON SOCIAL POLICY: "More than a quarter of American children live in poverty, an unbelievable disgrace. Dollar for dollar money spent on children and family programs are the most cost effective use of government funds. Solving poverty is cheap: I only wanted ten million dollars for a domestic abuse shelter program. We can't even get an airplane's tail section for that!"

THE ENVIRONMENT: "We once led the way in attacking such problem as acid rain, ozone depletion, water pollution and toxic wastes. Now our leaders speak and the world laughs. What's their answer to ozone depletion? Hats and sunglasses? It's as though we had rejoined the Flat Earth Coalition."

PAT SCHROEDER: She wins, we win!

ABLE TO TURN EVEN MOTHER THERESA  
INTO A SEXUAL WELCOME WAGON...

IT'S DON JUAN...  
IT'S CASSANOVA...  
IT'S...JOHN MALKOVICH!...

IN: DANGEROUS LIASONS

He's a fighter and a lover,  
One part Marqui de Sade,  
two parts Rudolf de Mars...  
a very intoxicating concoction

J.M.'s character is a well dressed diabolical  
thrill seeker, who keeps company with only  
the most desirable and unattainable women  
of his day. Too bad he was not immortal!

J.M., nice try, but the film was only steamy,  
a celluloid coitus interruptus.  
You did the best you could, with the script  
you had...
